**Subject: Independent Reasonable Assurance Report on BRSR Core KPIs/Metrics in the Business Responsibility and Sustainability Report (BRSR) of Jindal SAW Limited for the Financial Year 2025-26.**

### 1. Introduction and Scope

Moore Singhi Advisors LLP (“Moore Singhi” or “we” or “us”) has been engaged by Jindal SAW Limited (“the Company” or “JSAW”) to provide independent reasonable assurance on Key Performance Indicators (KPIs) or Metrics under nine (9) ESG attributes (listed in Annexure 1) that form part of Business Responsibility and Sustainability Report (“BRSR Core”).

The reporting criteria, chosen by the company, for this engagement comprise the following (collectively, the “Criteria”, and the SEBI circulars referenced below, the “Circulars”):

- Regulation 34(2)(f) of the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015, as amended from time to time.
- SEBI Circular No. SEBI/HO/CFD/CFD-SEC-2/P/CIR/2023/122 dated July 12, 2023 on BRSR Core — Framework for assurance and ESG disclosures for value chain.
- SEBI Master Circular No. HO/49/14/14(7)2025-CFD-POD2/II/3762/2026 dated January 30, 2026 titled Master Circular for compliance with the provisions of the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015 by listed entities, read with Chapter IV-B thereof (dealing with BRSR disclosures)
- Industry Standards on Reporting of BRSR Core issued vide SEBI Circular No. SEBI/HO/CFD/CFD-PoD-1/P/CIR/2024/177 dated December 20, 2024.

Our engagement has been conducted in accordance with the terms of the engagement letter dated December 22, 2025.

Our assurance on disclosures is for the period starting from April 1, 2025, to March 31, 2026. We have not performed any procedures for the earlier periods or any other elements included in the BRSR report, and therefore do not express any opinion thereon.

## 2. Boundary

The reporting boundary for the BRSR disclosures covers JSAW's operations across twelve manufacturing locations ("reporting boundary") at Samagogha, Pragpar, Kosi, Nashik, Nagothane, Nanakapaya, Bellary, Bhilwara, Indore, Tembhurni, Haresamudram, Kudathini and Corporate/Head Office. An on-site verification was conducted at Samagogha, Pragpar, Bhilwara, and the Corporate/Head office.

## 3. Management Responsibilities

The Company's management is responsible for the selection of the reporting criteria, reporting period, reporting boundary, preparation, and disclosure of BRSR information and the BRSR Core KPIs/Metrics under the nine attributes as per "Format of BRSR Core" of the aforesaid Circulars. This responsibility includes stakeholder engagement, designing, implementing and maintaining adequate internal controls, including relevant policies and procedures, maintaining adequate records, performing appropriate calculations, and making estimates that are reasonable in the circumstances, and ensuring that they are free from material misstatement, whether due to fraud or error. The management and Board of Directors of the Company are also responsible for overseeing the Company's compliance with the requirements of LODR Regulations and the SEBI Circulars in relation to the BRSR. Moore Singhi was not involved in the preparation of the BRSR report, BRSR Core KPIs/Metrics and/or related backup data.

## 4. Our Responsibilities

Our responsibility is to provide reasonable assurance on the BRSR Core KPIs/Metrics based on the procedures we have performed and the evidence we have obtained from the Company. We do not accept or assume any responsibility for any other purpose or to any other person or organization. We have considered quantitative materiality and qualitative factors in (i) planning the scope of our work and evaluating the results of our work, and (ii) evaluating the effect of any identified misstatements in the BRSR Core. Moore Singhi expressly disclaims any liability or co-responsibility for any decision a person or entity would make based on this assurance statement and for any damages in case erroneous data is reported. This assurance engagement relies on the assumption that all data and information provided by JSAW is accurate and complete.

We conducted this engagement in accordance with the International Standard on Assurance Engagements (ISAE) 3000 (Revised): Assurance Engagements other than Audits or Reviews of Historical Financial Information, and the International Standard on Assurance Engagements (ISAE) 3410: Assurance Engagements on Greenhouse Gas Statements, as well as the terms of our engagement as agreed with the Company in the engagement letter dated December 22, 2025.

Those standards require that we plan and perform our engagement to obtain reasonable assurance about whether, in all material respects, the KPIs/Metrics presented to us are prepared in accordance with the Criteria chosen by the Company as per the aforementioned Circulars.

A reasonable assurance engagement includes performing procedures to obtain sufficient and appropriate evidence assessing the risk of material misstatement of the KPIs/Metrics disclosed in BRSR Core. In this connection, our procedures included:

- Performing process walkthroughs at selected locations to understand controls relevant to data capture, validation, and reporting of KPIs.
- Understanding and assessing data collection, aggregation, and reporting processes across divisions.
- Evaluating whether the methodologies, assumptions, and calculation approaches adopted by the Company are consistent with the Criteria.
- Conducting interviews with management and operational personnel responsible for BRSR Core data.

- Performing sample-based testing of underlying data and supporting documents across all nine attributes.
- Performing recalculations of selected KPIs, including verification of arithmetic accuracy, consistency of formulas with the methodology adopted.
- Obtaining written management representations confirming completeness, accuracy, and consistency of the reported information and related matters.

**Exclusions:**

- An opinion on the overall design, implementation, or operating effectiveness of the Company's internal control framework or IT general controls, beyond procedures performed as part of this assurance engagement.
- The Company's statements that describe expressions of opinion, belief, aspiration, expectation, aim, or future intentions, including forward-looking statements.
- Independent verification of the economic and/or financial performance indicators, which are derived from the Company's audited financial statements.

**5. Inherent Limitations**

The reliability of assurance on non-financial information is subject to uncertainties inherent in the assurance process. The lack of a significant universal body of established practice for measuring and evaluating non-financial information allows for different, but acceptable, measures and measurement techniques, potentially affecting comparability between entities. Specifically, the uncertainties in greenhouse gas (GHG) emissions estimation arise due to incomplete scientific knowledge, limitations in quantification models, and the assumptions or conversion factors used to arrive at results. Due to these inherent limitations, there is a possibility that material misstatements in the BRSR Core KPIs/Metrics in the Report may remain undetected. The application of this assurance statement is limited to the aforementioned Circulars.

**6. Opinion**

Based on the procedures performed and evidence obtained, as described in Section 4, and on the information and explanations provided to us, including written management representations, we are of the opinion that the BRSR Core KPIs/Metrics mentioned in Annexure 1 of our report are prepared, in all material respects, in accordance with the Criteria chosen by the Company as per the aforementioned Circulars.

**7. Restriction on Use**

Our work was performed solely to assist management in meeting their responsibilities in relation to JSAW's assurance requirements as per the Circulars. The report is addressed and provided to the Board of Directors of the Company, solely for the purpose of enabling it to comply with the aforementioned requirements of the Circulars. Accordingly, we do not accept or assume any liability or duty of care to any person other than the Board of Directors of the Company in connection with this report. Other than as described in Section 1, which sets out the scope of our engagement, we did not perform any assurance procedures on the remaining information. Accordingly, we do not express an opinion on that information.

## 8. Statement of Independence, Impartiality, and Competence

Moore Singhi is a professional services firm offering a range of services in assurance and advisory to both domestic and international clients across industries. We have complied with independence and ethical requirements, which are founded on the fundamental principles of integrity, objectivity, professional competence and due care, confidentiality and professional behaviour. This assurance engagement was conducted by a multidisciplinary team of professionals with deep knowledge in sustainability, ESG reporting principles and standards, and related assurance standards.

For and on behalf of Moore Singhi Advisors LLP,

**Ravi Sankar Nori**  
**Chief Operating Officer (ESG Services)**  
**Date: 27-04-2026**

## Annexure 1

Sr. No.	Attribute	Parameter	BRSR Indicator
1	Greenhouse gas (GHG) footprint	Total Scope 1 emissions	Principle 6, Question 7 of Essential Indicators
		Total Scope 2 emissions	
		GHG emission intensity (Scope 1 + 2) based on revenue, PPP and physical output	
2	Water footprint	Total water consumption	Principle 6, Question 3 of Essential Indicators
		Water consumption intensity based on revenue, PPP and physical output	
		Water Discharge by destination and levels of Treatment	Principle 6, Question 4 of Essential Indicators
3	Energy footprint	Total energy consumed	Principle 6, Question 1 of Essential Indicators
		% of the energy consumed from renewable sources	
		Energy intensity based on revenue, PPP and physical output	
4	Embracing circularity - details related to waste management by the entity	Plastic waste, e-waste, bio-medical waste, construction and demolition waste, battery waste, radioactive waste, other hazardous waste, and other non-hazardous waste generated	Principle 6, Question 9 of Essential Indicators
		Total waste generated	
		Waste intensity based on revenue, PPP and physical output	
		Each category of waste generated, total waste recovered through recycling, re-using or other recovery operations	
		For each category of waste generated, total waste disposed by nature of disposal method	
5	Enhancing Employee Wellbeing and Safety	Spending on measures towards well-being of employees and workers – cost incurred as a % of total revenue of the company	Principle 3, Question 1(c) of Essential Indicators
		Details of safety related incidents for employees and workers (including contract workforce e.g. workers in the company's construction sites)	Principle 3, Question 11 of Essential Indicators
6	Enabling Gender Diversity in Business	Gross wages paid to females as % of wages paid	Principle 5, Question 3(b) of Essential Indicators
		Complaints on POSH	Principle 5, Question 7 of Essential Indicators
7	Enabling Inclusive Development	Input material sourced from following sources as % of total purchases – Directly sourced from MSMEs/ small producers and from within India	Principle 8, Question 4 of Essential Indicators
		Job creation in smaller towns Wages paid to persons employed in smaller towns (permanent or non-permanent /on contract) as % of total wage cost	Principle 8, Question 5 of Essential Indicators
8	Fairness in Engaging with Customers and Suppliers	Instances involving loss / breach of data of customers as a percentage of total data breaches or cyber security events	Principle 9, Question 7 of Essential Indicators
		Number of days of accounts payable	Principle 1, Question 8 of Essential Indicators
9	Open-ness of business	Concentration of purchases & sales done with trading houses, dealers, and related parties Loans and advances & investments with related parties	Principle 1, Question 9 of Essential Indicators
